CONVENTION ADJOURNS.

A \$20,000 LIBEL SUIT IN OAKLAND.

Bombardment of Portalegre Begun.

Heavy Failure in London.

Politicians Consider the Result of the Presidential Election Uncertain.

Special to the APPEAL

THE VICE PRESIDENT.

Chicago June, 23th.—The fight for the second place on the ticket is conceded to lie between Gray of Indiana and Stevenson of Illinois. The friends of Boise are anxious to present his name but he has positively declined to run.

MORE STORM.

About half past 3 o'clock there was another peal of thunder and the storm clouds which had apparently drifted away to the southward in the morning gathered once more and darkness settled down on the great building.

Peal after peal following each other rapidly and then came the dull roar of the rain on the roof which leaked like a sieve and streams of water came down on the audience. It was decided to limit the nomination speeches five minutes and the seconding speech to two minutes.

The question of the policies of the candidate was much discussed in the caucuses. It was a question of the strength that either would give the ticket. New York was emphatic in its opposition to Gray and said it would accept any but him. The Gray men are doing heavy rustling and parading the hall with a banner marked Cleveland and Gray. Ohio presented Morse's name and at the end of the first roll call there was no choice. Before the result could be announced, however, several delegations began to change from Gray to Stevenson, who was chosen. The nomination was then made unanimous, and the wet and cheerless crowd began to move out of the hall, some hoisting umbrellas before they reached the sidewalk.

A \$20,000 Suit.

Oakland, Cal., June 23.—Paul Boman, Principal of one of the Alameda schools, has sued the Tribune Publishing Company of this city for libel, claiming damage in the sum of \$20,000 for its account of a whipping Boman gave a nine-year-old boy last winter. Boman was arrested on complaint of the Humane Society, and was tried and acquitted.

Bombardment Opened.

Bio Janeiro, June 23.—The Government gunboat commenced bombarding Portalegre in Rio Grande do Sul. No details of the bombardment have been received.

Heavy Failure.

London, June 23.—G. Barker & Co., bankers, have failed with liabilities amounting to \$3,250,000.

The Result Cloudy.

Washington, June 23.—Senators and House members of both parties talk without hesitancy on the nomination, although a number were reticent concerning the probable outcome in November, and relative strength of the nominees. It is conceded that the Farmers' Alliance and silver movement renders the result very uncertain.

Two Deadly Shots.

Chicago June 23.—Officer Clarence Bixler of Rogers Park, a Chicago suburb, was shot and fatally wounded last night while trying to act as peacemaker between two brothers who were quarreling on the street. Frank Doyle, who fired the shot, was trying to shoot his brother at the time. He afterward put a bullet in his own brain, dying instantly.

A Fatal Explosion.

Lachute, Quebec, June 23.—The cartridge factory of the Broadbent Powder Works, four miles east of here, blew up yesterday with tremendous force, the concussion breaking windows even in Lachute, giving the impression here that there had been an earthquake. John Curren of Lachute, James Kearns and William Gunn of Montreal were killed.

Railroad Fire.

Cleveland, Ohio, June 23.—The Lake Shore Railway block on St.

Clair St., was partially destroyed by fire this morning. Four stories were burned. Loss, \$100,000.

A Merchant Suicides.

New York, June 23.—T. G. Tangel, a wealthy merchant committed suicide here this afternoon.

Pledging in Advance.

"I propose to vote for the nominee of the Omaha Convention," said a silver man yesterday.

"Do you know who he is?" enquired an old time Republican at his elbow.

"No."

"Then don't it strike you as a trifle odd, this agreeing to vote for a man before you know who he is; just a trifle queer, eh?"

It looked for a moment as if the man was cornered but he wasn't.

He just pulled out an old copy of the Enterprise from his pocket and there was a call for primaries to elect delegates to a State Convention to send delegates to the Minneapolis Convention and here was the pledge: "I am a citizen of this State and will support the nominees of the Republican party."

"Now, my friend," said the silver man, "you voted at the primaries didn't you?"

"Yes I believe I did."

"Then under the pledge you agreed in advance to support any candidate named by the party at Minneapolis and you took that pledge before you knew who would be the nominee and now you try to make this crowd think I have been doing a very nonsensical thing in offering to do just what you have done. Good day."

The old time party man moved off amid the laughter of the crowd.

Proclamation.

Whereas: At a special meeting of the Board of Trustees of Carson City held June 23rd, 1892, the President of the said Board was authorized and directed to issue a proclamation requesting the citizens of Carson, jointly and individually, to contribute towards a becoming observance of Independence Day by a general decoration of our city;

Therefore, I, T. R. Hofer, President of the Board of Trustees of Carson City, do urgently request the good people of Carson City in general, and those upon the Line of March hereafter to be published by the Grand Marshal of the Day, in particular, to decorate their places of business and their homes as attractively as their abilities will permit, that our guests and visitors may long and pleasantly remember JULY FOURTH 1892. By,

T. R. HOFER,
President Board of Trustees.
Attest: WM. HY DOANE
Clerk.

The Fire Department.

The Warrens and Currys are now one company and will see that the property of the city is carefully protected. F. S. Gladding has been appointed engineer of the steamer by the City Trustees. Gladding has had considerable experience as an engineer beside being a thoroughly sober man, in whose hands the steamer is safe and will always be ready for action. He is also the janitor of the engine house.

Ho, for Reno.

A large crowd of delegates passed through last evening for Reno to the Silver Convention. The balance of the Ormsby delegates will go on the 10 o'clock train this morning.

Democrats Jobbed.

Four Democrats were found yesterday morning who were willing to enthrone over the Chicago nomination. They were Messrs. Elstner, Brannan, Crow and Furlong.

Someone had told them that the Convention had passed a free and unlimited coinage plank and they burned \$10 worth of powder before they discovered that they had been jobbed.

ALL SORTS.

For prime beef go to Rosser & Muller's.

The signal flags indicate fair and cooler weather.

Mrs. Knowles has a fine stock of millinery goods on hand.

About 200 people are coming here on the Fourth from Marysville.

The free silver plank offered in the Chicago Convention only got 64 votes.

D. Circe is having the Exchange block painted in very attractive shape.

The weather is fine and it will probably keep up until after the Fourth.

Ex-Governor Kinkead will go to Reno as a delegate from Ormsby to the Silver Convention.

Mrs. H. G. Shaw and child departed for San Francisco last evening, where she will join her husband.

Milt Elstner was firing more guns last evening for Cleveland. He still insists that the Chicago Convention passed a free silver plank.

Clara Belle McDonald's diamonds have been declared community property by the courts of San Francisco and will be sold for benefit of the creditors.

Dempsey's saloon is being remodelled after the most approved style of modern establishments. A new device for cooling liquors is one of the leading features of the new bar.

Yesterday the Journal says: Suit was commenced in the District Court yesterday to foreclose a mortgage for \$10,000 on Mt. St. Mary's which is held by Mary E. Nelson of San Francisco.

The Post contained a cartoon of Cleveland, Mrs. Cleveland and the baby dancing jigs. It is considered legitimate politics to cartoon a prominent candidate, but to represent his wife in an undignified position is bad taste and bad journalism.

It has developed that the brewers of San Francisco paid \$15,000 to have a boycott lifted. About that time the leaders of the Federated Trades began to invest in real estate. It is now charged that three of these leaders got the money. Where do the rank and file come in?

The Tribune not content with taking our best locals without giving us credit, appropriates one of our associated press reports, even to the misspelling of "San Rafael," and never says a word.—News.

You will learn many queer things about the Tribune before you have been alongside of it many months.

If your watch is out of order in any way you can get it repaired at Golden's by skilled workmen from the best institutions in Europe. The work turned out in jewelry repairing is always finished in the best style and the assortment of goods has no equal anywhere in Nevada. j4tf.

THAT IS THE QUESTION

Can you go to the EMPORIUM and know you will get the worth of your money?

BECAUSE

Abe treats you well; gives you one price, and tells you frankly if your purchase is cotton or wool, and if it will wash and wear.
